

Glenfield Intermediate School

Sport 2010

Glenfield Intermediate School offers a wide range of sports from inter-school competition days to weekday and Saturday morning team sports, and inter-class competitions.

A sports registration night will be held in the first few weeks of Term 1. Students who are interested in representing the school in netball, hockey, water polo and/or basketball, can register, pay their fees and be placed into a team. Only students who have paid their sport registration fee will be considered for team placement.

All sports teams rely on parent, caregiver and college student support. We would encourage you to assist your child's team by coaching, umpiring or in some other way.

Swimming Sports: You will be advised of details early in Term 1 of 2010.
